

Clay Elementary Girls Club: February 22th

1. Circle Time/Question of the Day

- a. Theme: Spreading Positivity (stopping the gossip!!!)
 - i. We will be starting off with the game *TELEPHONE!*
 - ii. Rules: The very first person will get a piece of paper that says exactly what to tell the person to the right of them, the girls go in a full circle, then the last girl has to say out loud exactly what was said, and the first girl will say if it was correct or not
 - iii. The point of this is to explain to the girls that when people spread gossip, a lot of the time it is not true! It goes from person to person and gets messed up in the end when people decide to spread negativity and rumors. Don't repeat stories you may have heard about other people, you might not have all the facts/know the whole story! ← **These are just things we will explain to the girls & such.**

2. Craft/Activity Time

- a. Split up into 4 groups (about 5-6 girls each)
- b. Materials Needed
 - i. Copy paper
 - ii. Crayons/Markers/Pens/Pencils
- c. Activity: Pass and Draw!
 - i. Everyone has 3 minutes to color anything they want on a piece of paper, then they all pass it to the right (on the first round, they can write their names on the back in pencil so they can get their original drawing back)
 - ii. The second round also have 3 minutes to color anything they want on a piece of paper, then they all pass it to the right again
 - iii. This keeps going until everyone in the group has drawn on each of the papers one time
 - iv. At the end of this, the girls can look at their drawings and see how they turned out from beginning to end. They worked together to create an amazing drawing, *THEREFORE* they can work together on their school's campus to make a positive environment for everyone and stop the gossip!
